

Breezy for Citrix Worx™

Integrated Secure Mobile Printing with Citrix XenMobile®

Secure Mobile Print For The Workforce

In today's business environment mobile devices abound and whether your company is spread across 3 floors, 3 buildings or 3 continents your workforce is already harnessing these tools as a way to increase collaboration and productivity while on the move.

The business world has gone mobile and Breezy integrated with Citrix Ready Worx ensures that your employees can securely access and print the critical business information they need to drive success. So liberate your workforce and your existing print infrastructure by going mobile with Breezy and Citrix.

Citrix Ready® Worx Verified

The Citrix Ready program makes it easy for customers to identify complementary products and solutions that can enhance Citrix environments. Customers can be confident that Breezy has successfully passed a series of tests established by Citrix, and can be trusted to work effectively with Citrix XenMobile in order to provide secure mobile printing on any device, with any printer, in any setting.

Citrix integration simplifies the user experience with secure single sign-on ensuring that users don't need to remember yet another password

Secure

- **On-device Encryption** – Breezy is the only mobile print solution that encrypts files on the device before securely transferring the files to the intended printer.
- **DLP Policy Control** – IT can enforce Citrix Worx DLP, security and authorization policies while users can create, edit, share and print enterprise content accordingly.
- **Inter-app Communication** – Breezy enables users to print using Breezy while keeping the Citrix protected business documents all in one place.
- **Audit Tools** – Detailed reporting shows who is printing what, when and where.

Flexible

- **Printer Agnostic** – Mobile-enable your existing enterprise print infrastructure, regardless of printer manufacturer.
- **Multiple Networks** – Print utilizing cellular or Wi-Fi networks while on the road.
- **Collaboration** – Integration with leading productivity platforms such as Box and TouchDown.
- **Pull Print** – For additional security and cost control measures Breezy integrates with leading pull print authentication partners such as GoPrint and PaperCut.
- **Email Print** – Assign an email address to a printer and print via email submission, making printing documents from any device as easy as emailing them.

Breezy

The world's leading secure mobile print and fax platform. Whether roaming the halls of your office or traveling the world for work, print or fax securely when and where you need.

Citrix

The leader in secure enterprise mobility solutions, creates a world where employees can securely connect, communicate, and collaborate using their personal iOS, Android, and Windows Phone devices.

Mobile

- **Breezy Beacon** – Enables Apple AirPrint for iOS devices across enterprise subnets. No hardware to purchase or app needed.
- **Fax** – Empower your workforce to send files as a fax from their mobile devices.
- **Breezy Partner Network** – Global access to thousands of hotels, airports and print service providers that enable users to print securely when on the go. Use GPS in the app to locate the nearest partner location.

Easy to Use

- **IT Control** – Centralized IT management of the Breezy print ecosystem and Breezy app through a simple to use web dashboard.
- **App Functionality** – IT can determine which app functions are available to users and can turn on/off: Print at Home, Print at Work, Send Fax, etc.
- **Deep Integration** – As part of the Citrix Worx ecosystem, the native app leverages the security capabilities and policy controls provided by Citrix to ensure a secure and Citrix IT controlled app environment without disrupting the end-user experience.

True Mobility

Whether roaming the halls of your office or traveling the world for work, Breezy ensures you can securely print or fax when and where you need to.

Breezy Partner Network

The world's largest fully secured printing network, enabling users to print from public places, on the go. Phone devices.

How The Integration Works

Breezy Partner Network

- Breezy App integrated with Citrix Worx on the device enables the user a seamless single sign-on experience.
- The Citrix admin console allows easy user-management and DLP control over Worx Integrated Apps.
- Securely access and print approved data from your mobile device.
